Trash Pickup Day Changing to Improve Other Services

Wadesboro, NC – In responding to customer feedback, the Town of Wadesboro is taking action aimed at improving certain service levels including shortening the turnaround time for leaf/limb pickup, pothole repair, and right-of-way mowing. These changes are designed to maximize limited resources to provide the best service level possible to Town customers.

To implement these service improvements, about half of trash customers will see their pickup day change starting Monday, March 23, 2015. Otherwise, trash service will remain the same.

Currently, Town customers have trash picked up on either Monday or Wednesday. About half of current Monday customers will see their trash pickup day changed to Tuesday. In comparison, about half of current Wednesday customers will see their trash pickup day changed to Thursday. Uptown pickup days will not change.

If there is a holiday, trash pickup will be picked up the next regular weekday. For example, if there is a holiday on a Monday, then Monday customers will be picked up on Tuesday along with regular Tuesday customers.

The Town is communicating the pickup day changes via press releases, social media, its website, verbal communication, and handing out information.

Please do not hesitate to contact Town Hall with any questions (704) 694-5171. Enclosed is a list by street.
